

Quality Policy

Quality and continuous improvement are the pillars on which CIMA+'s reputation rests, and that allow us to maintain our positioning among the best consulting engineering firms in Canada.

CIMA+ is counting on the cooperation of all of its staff members to deliver quality services that perfectly meet the expectations of its internal and external clients including the regulatory requirements.

In order to ensure that the highest quality standards are reflected in all the projects we deliver, CIMA+ is committed to:

- Engaging and empowering its employees and managers in terms of improving its professional practices;
- Providing the necessary training and tools to ensure maintenance of adequate skills;
- Supporting a collegial work environment that fosters team work, initiative and knowledge sharing;
- Maintaining internal monitoring mechanisms to ensure compliance with the quality targets we have set forth.
